Instead, here's a stocking filler for Practice Managers – who often spend their time filling *other* people's stockings:

The national team are offering coaching and mentoring sessions to practice managers. Up to four 90-minute sessions are offered to help identify goals and think through challenges etc.

Places are limited and subject to a suitability assessment and it's on a first come first serve basis. The deadline is 21st January 2019 and Practice Managers can apply and get more info via this link <https://www.engage.england.nhs.uk/survey/16ac35ef>. For any queries, the email to contact is isengland.gpdevelopment@nhs.net.
