

ENABLING QUALITY IMPROVEMENT IN PRACTICE

# Tower Hamlets Our Latest Newsletter (22/06/2020)

## What. A. Delicious. Treat. We. Have. For. You. Today.

If there were rolling credits – and there totally should be – they would read:

- The Arshad and Kamal duo
- The barefoot GP, George Farrelly
- The REAL Neo: Osman Bhatti, reinventing The Matrix

I'm just going to say – if you want to see Osman at his absolute best, aka making origami, click below. So get yourself a drink, relax your face into what could turn into a grin, and enjoy. Best video yet.

(And oh yeah, I almost forgot to say, you'll also learn about adding patients to a slot and changing slot properties – throwing that in as a bonus.)
