

ENABLING QUALITY IMPROVEMENT IN PRACTICE

Tower Hamlets Our Latest Newsletter (26/10/2020)

EQUIP Basics new training dates, and changes to these comms (gulp!)

Let's kick this week off with the basics – literally. Our next EQUIP Basics training is all ready to go, and awaits you with open (digital) arms. This will be running virtually, on Zoom. It is an introductory three hour session to Quality Improvement, ideally targeted to members of staff who know nothing/very little about QI. We know from our evaluation that practices with more and lasting changes are those with the greatest number of people trained in QI, so make sure you grab some slots! Ideally, over time, change will become easier and easier if everyone in the practice shares the same language, and the same level of basic QI knowledge.

EQUIP Basics

About the training

What's grinding your gears? What would you like to fix to bring the joy back to your working day?

Well, bring it along to EQUIP Basics. You will learn the essential ingredients of Quality Improvement (QI), from theory to testing changes in practice.

Essential for teams and individuals who want to get started on their QI journey, or who need a refresh of their skills.

An action-packed afternoon of learning. Based on real-life primary care examples of improvement, led by local experts in QI.

Who can register?

Anybody from **Newham, Tower Hamlets, Waltham Forest**, we welcome everyone and please encourage your local citizen/service users to join!

How to sign up?

If you would like to secure a place, please sign up on Eventbrite. This workshop is free of charge and will be run on the following days:

EQUIP Basics – 13th Nov 2020, 12pm -3 pm – Click [here](#) to register

EQUIP Basics – 11th December 2020, 12 pm – 3 pm – Click [here](#) to register

For any queries/ if the tickets are sold out, contact: Vyoma Shah – vyoma.shah@nhs.net

Changes to **EQUIP** comms

On another note, you may find that you're hearing from us a smidgen less frequently than in the past... We've moved away from our zealous rigour of Thursday comms, and will be sending you messages once about every ten days or so, and on different days of the week. We are also going to try to jazz up how we communicate with you, using a combination of tools of the month, videos, podcasts, practice stories, infographics, and join and share events. If you have any ideas or comments on our comms, we'd love to hear your feedback and take suggestions about how we can communicate with you most effectively, and most enjoyably. Just ping me an email in reply with any thoughts.

Wishing you a safe and healthy week,

The EQUIP team
