

ENABLING QUALITY IMPROVEMENT IN PRACTICE

Our Latest Newsletter (20th February 2023) Fundamentals of QI Methodology Training Training Dates for 2023!

Hello!

2023 is well underway but there is still the opportunity to enrol in the EQUIP Fundamentals of QI Methodology training taking place this year.

There are various opportunities to join either online or in-person and so choose the date that suits you the most and book your slot!

Why join in?

The Fundamentals of QI Methodology training will give you the essential tools to make practical changes to your practice.

During the training, you can bring real-life examples of challenges in practices and tackle your problems with QI tools.

Breakout rooms and a mixture between theory and practice make the two and a half hours training session interactive and dynamic.

Who can register?

Anyone within the practice can register, whether you are a doctor, part of the clinical team, admin/receptionist or management team.

You need to attend only one session, so please pick the date that suits you best and register on Eventbrite.

Is any pre-session prep needed?

If you are joining online then please test your camera and microphone before the session; you will need them!

Sign Up Now!

To join the **FREE** training, please sign up on the below via the Eventbrite link.
